

Elaboration Phase 2 - Deliverables and Success Criteria

1. Approved Project Changes

No change requests were approved for this iteration

2. Deliverables and Success Criteria

The deliverables and success criteria for the 2nd Elaboration Phase are as follows:

Deliverable	Success Criteria	Notes
E1 Phase Artifacts	Make any corrections as per my feedback.	<ul style="list-style-type: none">• Submit your updated documents and the originals so I can see what my earlier feedback was.
Domain Model	Complete the domain model for the use cases you developed in E1. I am looking for the conceptual classes, attributes, associations and multiplicities. If you are making assumptions, be sure to document them as notes in the model or as an addendum. The quality of your notes and/or assumptions will have an important part of your grade.	<ul style="list-style-type: none">• See the Analysis Modeling Guidelines for details on writing style and related topics.• Don't forget: you may need to update your glossary or other documents with the results of your discoveries.

Additional Notes:

- You are making a presentation, package it as such. Make sure each document has your team name on it.
- Remember to label all diagrams AND put your team name on ALL documents.
