

Super Media Player Inception Phase Deliverables and Success Criteria

The deliverables and success criteria for the Inception Phase of the project are as follows:

Deliverable	Success Criteria	Notes
Vision document	Add at least 3 new features and a description of each.	<ul style="list-style-type: none"> • Additional features must be clearly indicated in the document. If you make other changes, they must be clearly indicated as well. • Each new feature must result in at least 1 new use case.
Use Case Survey / Use case Model	Complete the use case survey and the use case diagram. Add the actors, use cases, and use cases summaries that are missing. Make sure you include the system's basic features as well as your team's three new ones.	<ul style="list-style-type: none"> • Focus on the use cases for the Customer. • I provided you with some diagramming conventions in the Use Case Guidelines document. I would expect you to follow them, or tell me why you are not. • Remember to label all diagrams!
Glossary	Relevant terms are identified and their definitions are clear, readable, and make sense to the problem domain.	<ul style="list-style-type: none"> • Remember to make the terms and definitions relevant to the problem domain. • See Sample Glossary for other standards, i.e. sorted alphabetically, etc.
Supplemental Specification	Add 6 non-functional requirements.	<ul style="list-style-type: none"> • Make sure your requirements are well formed.

Additional Notes:

- You are making a presentation, package it as such. Make sure each document has your team name on it.
