

MATH 96 - eBook User Information Fall 2010

Students who have chosen to use the eBook package that is entirely online need to know where to find the following items all housed in MyStatLab (MSL) In general, anything that relates to the textbook package can be found in MSL.

Learning how to use the program:

1. **How to enter answers:** Chapter Contents > See the top tool bar option

Where to find features:

1. **Textbook:** Multimedia Library > multi-media textbook or you can select *Chapter Contents* > chapter and section > choose the multimedia textbook. You can also access textbook homework there using the second option.
2. **Textbook Homework:** Chapter Contents > Select chapter and section > multimedia textbook exercises
3. **End of chapter material:** Chapter Contents > select chapter > near the bottom of the options
4. **Publisher's Tutor Center:** Chapter Contents > See the top tool bar option
5. **Publisher's Lecture videos:** Multimedia Library > chapter and section in the drop-down menu > put a check in section video lectures. Other types of multimedia files are available as well.
6. **Student Solutions Manual:** Chapter Contents > Tools for Success
7. **Publisher's Tutor Center:** Chapter Contents > upper tool bar
